Subject: Incomplete Isolated Wetland General Permit Pre-Activity Notice (PAN)
 Project Klondike
 Ohio EPA ID No. 262358W

Dear Pamela Gregorski:

On January 23, 2026, the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) received a PAN for your project to construct data center facilities located in the City of Piqua in Miami County (40.113282, -84.251579).

In accordance with Section 6111.022(B) of the Ohio Revised Code (ORC) and the Ohio General Permit for Filling Category 1 and 2 Isolated Wetlands, the PAN must contain all of the below listed items to be considered administratively complete. The PAN for this project did not contain all of the required components; therefore, as required by ORC §6111.026(B), you are hereby notified that this application is **INCOMPLETE** and Ohio EPA will not proceed with any further review until the deficient items (see checked boxes) have been adequately addressed.

☒ Completed Isolated Wetland General Permit Application form;

- ***Based on the information contained within the submitted delineation data forms, Wetland 2 has a forested canopy cover and should therefore be considered a PFO wetland. Please update the wetland impact table accordingly.***

☐ Copy of the United States Army Corps of Engineers' jurisdictional determination letter;

- ☐ An acceptable wetland delineation performed in accordance with the U.S. Army Corps of Engineers wetland delineation manual and regional supplement;
- ☐ Detailed description of the project;
- ☐ Completed Ohio Rapid Assessment Method wetland categorization form for each isolated wetland on the project site, including the following forms: Background Information, Scoring Boundary Worksheet, Narrative Rating and a Quantitative Rating;
- ☐ Maps showing project footprint including acreage of isolated wetland that will be subject to filling. This should include a U.S. Geological Survey topographic map and other maps that may be pertinent to assessing the functional level of the isolated wetlands proposed to be covered under the PAN, such as county soil maps and National/Ohio Wetland Inventory maps;
- ☒ Photographs of each isolated wetland proposed to be covered by the permit with a photograph location map showing photo number and direction the photo was taken;
 - ***Please provide a photograph location map that includes the photos taken for Wetland G.***
- ☒ An acceptable mitigation proposal in accordance with ORC §§6111.022(D) and 6111.027, including location and the proposed legal mechanism for protecting the property long term; if the mitigation is to occur at a bank or in-lieu fee, then a demonstration that the appropriate type and amount of credits have been reserved. If the proposal includes in-lieu fee mitigation for wetland impacts, an evaluation of other mitigation alternatives must be provided;
 - ***Please provide a signed credit reservation agreement for 0.1 forested and 0.1 non-forested (or 0.2 forested credits) from any bank located within the Huntington Army Corps of Engineers District.***
- ☐ Applicable permit fees in accordance with ORC 3745.113.

Any missing items identified above must be uploaded to your application through the Ohio EPA [eBusiness center](#). Once all the missing items have been uploaded, the application should be resubmitted.
